9' World Chamber of Commerce Congress – from 10th to 12th June 2015 Torino.

The event is organized by the ICC World Chambers Federation in collaboration with the Torino Chamber of Commerce and it takes place each two years in a different continent.

The World Chambers Congress is an optimal occasion for the exchange of ideas and procedures, for enlarging the network of international contacts and developing innovative projects.

A support is demanded for promoting the event on the Chambers and companies in South Africa and for collaborating in the procedure for the visa release, showing an official letter of invitation to participate at the Congress.
