InOut, the Contract Community.

The event dedicated to the contract
and hospitality world

Over the years, **TTG Travel Experience**, the leading event in tourism and hospitality, has attracted a large number of **accommodation facilities, resorts, non-hotel and open-air tourism businesses** to Rimini from Italy and around the world, alongside the major key players of the industries involved.

To further carry on its success, it has decided to combine the opportunity to meet for professionals with a **product offer**, creating the **largest marketplace for the world of tourism and hospitality**.

Thus was born InOut, one space designed to welcome the entire contract community, both indoor and outdoor.

The ambition is to bring together more comprehensively Made in Italy excellence on the supply side, and the dynamism of Italian demand worldwide, developing business with international companies and the most innovative Italian groups.
